

PRASHANT KHANDELWAL

OBJECTIVE

Seeking an opportunity to work in a software company.

SKILLS

WORK EXPERIENCE

Total 7 years of experience in Software Industry.

Senior Software Engineer

Apexon

15/01/2021 – Present

Client – Goldman Sachs

Keystone Application – This app is used to raise Support tickets to different teams inside Goldman Sachs. In order to address repetitive data pull and frequent updates, we had a feature called Keystone Self-Service where Production Engineers can on-board Shell Script and later entitled users can run this Self-Service in a constrained Production Access way on UI. Designed and implemented many key features. Took ownership of Keystone Machine Learning project, implemented User Support Volume reduction using machine learning and python. Productionized Keystone machine learning project single handedly.

Technology – Core Java, Java 8, Spring, no-SQL, Python, ML, Kafka

Software Engineer

CGI Inc.

26/10/2018 – 24/04/2020 (1 Year 6 Months)

ICES (Integrated Insurance Claims and Engineering System) App – This app is used to create policies, quotes and coverage. Worked on technical design document preparation. Designed and Implemented EDT (Electronic Data Transfer) of policies using Java. EDT is bulk parse and transfer of policies from an excel sheet. Handled production support tickets. Designed and implemented many key Change Requests.

Technology – SQL, Java.

Member Technical Staff

MetricStream Infotech

03/08/2015 – 12/10/2018 (3 Years 2 Months)

TPM (Third Party Management) App – 03/08/2015 – 12/10/2018

This app is used to request a new Third Party/Vendor. Contributed on migration of application from 6.X to 7.0 version. Designed and Implemented Third Party Request and Engagement Request form single handedly. Improved the design of many legacy forms to reduce bugs. Worked to achieve the design consistency within the app. Developed multiple key reports. Worked on code cleanup. Worked on technical design document preparation. Tested PLSQL procedures and functions using utPLSQL tool.

Technology – SQL, PL/SQL, Java.

EDUCATION

B. TECH(CSE) • 01/05/2015 • VIT UNIVERSITY - VELLORE

CGPA – 8.73

HSC • 01/05/2009 • ANGLES INTER COLLEGE – PRATAPGARH(UP)

Percentage – 65.4

SSC • 01/05/2007 • JOHN MILTON PUBLIC SCHOOL – AGRA(UP)

PERCENTAGE – 71.2

AWARDS

Quarterly award to develop the feature – ‘Create Relationship’ along with production support.
