

ATUL KUMAR [9706675520]

Indian Institute of Technology Guwahati

Degree	Institute	GPA	
B. Tech , IIT Guwahati	Indian Institute of Technology Guwahati	8.24	2012-2016
Senior Secondary	SNT. JOSEPH PUBLIC SCHOOL	83.4%	2011
Secondary	D.A.V. Public school	93%	2009

EXPERIENCE

Developer, SRS India, Bangalore

[Feb 2021- Present]

1. Worked on cloud-based technologies, oracle, Gremlin, NoSQL distributed Database Cassandra, DataStax Studio, Amazon S3, Postgres.
2. Got experience in Salesforce integration, Odata APIs, Rabbit MQ and Kafka event streaming.
3. Improved the performance of Reports API exponentially. Worked on Apache POI to generate reports excel file.

Software Developer, Delhivery, Hyderabad

[Jan 2019 - Jan 2020]

1. Worked on Java, AWS related services, and serverless for **Auto Trip creation**, and **Movement Tracking system**.
2. Hands on with Data Structures and Algorithms problems.
3. PROJECTS - **Auto Trip creation**, and **Movement Tracking system**.

Software Developer, Whishworks IT Consulting Pvt Limited, Hyderabad
[July 2017 - Dec 2018]

4. Worked extensively on SOAP/REST based applications and implementations.
5. I have worked on SOA- REST Webservice based on technologies and platforms like **Anypoint Platform**, **RAML** and implementations as an **integration developer** and **Mule Consultant**.

Associate, Cognizant Technology Solutions, Delhi NCR

Worked on two Java projects :

1. Airtel PDL
2. Platform Certification

PROJECTS

Lead to Opportunity – CISCO

- Worked on Quote Integration to Opportunities processes involving salesforce integration, calling Apex Rest service classes, queries, upsert logic etc.
- Worked on code migration from Mule 3 to 4 and moving from on prem to cloudhub for scalability and reliability.
- Involved in production defect fixes and code optimization.
- Got hands-on with Odata API in mule.

Next Gen Forecasting – CISCO

- Worked on features like Proxy Management, Read Save Submit Forecasting, Reports Generation, custom -1-clicks.
- Involved in deployment tasks to Production and API design, and management, microservices.

Costa Retail

- ② Designed and developed the business solution with **API Management** and **data synchronization** between different applications, for a UK based Coffee giant **Costa** to automate **Point Issuance** by communicating with the core backend system.
- ② Implemented **ELK solution based on Java Implementation** for the same UK based coffee giant which involved changing the existing Digital Middleware application for the log structure changes for **near real time** monitoring of application (API) logs with a finer granularity of detail than those provided by the CloudHub platform. It will enable Retails to improve their business as usual (BAU) activities, including **support services (monitoring / root cause analysis)**, as well as enabling better insight through the use of advanced data (statistical) analysis and reporting (dynamic reports/dashboards) of the API metrics (application logs).
- ② Integration solution for a retail giant involving integration of Comarch, Sendgrid (for transaction and emailing service) and Database systems. Created **Mule flows** based on **RAML** for CURD (GET, POST, UPDATE) operations to automate customer and menu management related to online shopping platform, which involves complex data transformation between XML's.

ACHIEVEMENTS

- Recipient of **Merit-cum-Means** Scholarship for two consecutive years, 2013 and 2014, at IIT Guwahati.
- Was among a percentile of **99.3** amongst **0.6 million** students in Joint Entrance Examination, 2012.
- Secured a percentile of **99.3** amongst **1.2 million** students in AIEEE, 2012.

TECHNICAL PROFICIENCY

- Programming Language : **Core JAVA, C++**
- Utility Software/tools : **Mulesoft, Anypoint Platform, Eclipse, Maven, GIT, SVN, JENKINS**
- Operating systems : Windows , Linux (Ubuntu ,Fedora)
- Web development : HTML, CSS, JavaScript, AngularJS
- Others : **Problems Solving Abilities, Strong in DS and AL**

EXTRA CURRICULARS

- Active member of **NSO Cricket Team** in IIT Guwahati.
- Participated in **SPOOF** and **Kavi-Sammelan** during Manthan '12, inter hostel cultural festival.
- Participated in 'Industrial Conclave 2012' during Techniche at IIT Guwahati.
- Represented my hostel in 'Spardha-2014' (The Inter Hostel Sports Championship) as a Cricket team Player.
